## 5 Simple Savings Tricks

Earning extra money this summer? Here are some simple tricks to help you save money.

**Trick #1: Four banks, not one!**

Want a smart way to control your money? Use four little banks. Label each bank with the way you'll use the money: SAVE, SPEND, INVEST, and GIVE.

A spending bank for money to be used soon on everyday things. A saving bank for money to be used later on larger items. An investing bank for money that will be used several years from now. A giving bank for gifts to help others.

**Trick #2: Set Savings Goals!**

How much should you save each month? That depends what you're saving for. For example, you want to buy a new bike, but your parents say that you have to save \$100 of the bike's price before they will pay the rest. It can be tough to earn \$100 in a short amount of time. That's why money-smart kids have savings goals – and stick to them.

**Trick #3: Save First, Not Last!**

What's the FIRST thing you do when you get paid? You divide your money and put it in your four banks. If you want that bike, you have to be sure that money goes into the SAVE bank FIRST. THIS IS A BIG RULE about money. You can spend it only once.

**Trick #4: Cut your expenses**

Get a notebook to keep track of your money. Write down any money you spend. Try to keep a Money Diary. List what you bought, when you bought it, how much it cost, and why you bought the item. Your money diary will teach you something about yourself.

**Trick #5: When you do spend, be a smart shopper**

Okay, you've got some money and you're ready to buy a DVD. You've saved that money, so make it work for you. Remember to shop smart! Check out prices. Figure out where you can get the best buy for your money. Look for sales and coupons. If you save a dollar, that means you can spend it on something else.

Hope these easy tricks will help you save money. Good Luck!

# Summer Snack Attack!

## ICE CREAM IN A BAG

### Ingredients:

- One gallon sized baggie
- One quart or sandwich sized baggie
- 1/2 cup rock salt
- 1/2 cup heavy whipping cream
- 1 tablespoon sugar
- Flavor: a few drops of vanilla or a squirt of chocolate sauce (optional)
- Spoon

### Instructions:

1. Place the cream, sugar, and any flavoring you're using into the smaller baggie.
2. Seal it tightly and be sure there are no leaks. (We put ours inside another baggie as a precaution.)
3. Put all ice cream ingredients into a small bag
4. Fill the large baggie about a third of the way with ice and pour in the salt.
5. Place ice and salt in large bag
